Love to Learn

We have now settled back from all the Holiday celebrations and are eager to try out new challenges. We have completed our mid-year assignments and will be modifying the lesson plans to develop those areas that need more attention unique to each child.

We are very proud of our writing, letter recognition and numbers and will be very enthusiastic to further improve upon them.

For Valentine's Day please have your "alligator" bring fifteen valentine cards (the small ones!) signed with their name. We will be exchanging cards and using the celebration of St Valentine to reinforce our caring, sharing goals for the month!

Classroom Wish

Small clipboards
Large white cardboard
Old magazines child friendly
Bubble wrap
Old children's clothing especially boy's for dressing up

Our Goals

Our goals for this Month are to work hard on caring, sharing, manners and consideration with each other. The children are maturing and are developing empathy towards their peers. This will help them adapt to new situations and further develop their ever-growing new confidence!

We will continue to expand on our reading, writing, math and self-help skills while enjoying the challenges they may entail.
